

Remote Desktop Manager

Remote Desktop Manager (RDM) is subscription-based, which means your subscription needs to be renewed every year.

Remote Desktop Manager is available in two editions: RDM Free and RDM Team.

About RDM **Free**

RDM Free is designed for individual users who do not need to share remote connections and privileged passwords. RDM Free can be used for both business and personal needs. RDM Free is available at no cost.

RDM Free supports:

- Remote connection management
- Password management

RDM Free does not support:

- Shared database and vaults
- Role-based access control
- Two-factor authentication
- Audits and reports

About RDM **Team**

RDM Team is designed for MSPs, IT professionals, and helpdesk technicians who need to share remote connections and privileged passwords with team members.

RDM Team supports:

- Remote connection management
- Password management
- Shared database and vaults
- Role-based access control
- Two-factor authentication
- Audits and reports

Pricing

RDM Team subscriptions are available at the following prices:

Description	 Users	Subscription	
		1-year subscription	3-year subscription
Single User	1	\$299.99	\$719.99
Enterprise	Up to 50 users	\$9,999.99	\$23,999.99
Platinum	51+ users	Please Contact our Sales Team	Please Contact our Sales Team

*Pricing is billed annually and in US dollars. Actual exchange rates may vary.

Each RDM Team user requires a subscription, regardless of how many users are connected at the same time.

Remote Desktop Manager Team - Perpetual License

Perpetual licenses, which means you can use the solution indefinitely, and do not need to re-purchase a license every year, are also available for Remote Desktop Manager.

Please contact our Sales Team for more information.

Sold Separately

Access your CyberArk, BeyondTrust and Delinea accounts and sessions using Remote Desktop Manager. Please contact our Sales Team for more information.

Subscription Case Scenarios

Scenario 1

"My team has 10 IT professionals that need Remote Desktop Manager."

In this scenario, you would purchase:

10 X User subscription

Scenario 2

"My team has 25 IT professionals that need Remote Desktop Manager."

In this scenario, you would purchase:

1 X Remote Desktop Team

Scenario 3

"My team has 100 IT professionals that need Remote Desktop Manager."

In this scenario, you would purchase:

1 X Remote Desktop Platinum

Support and Maintenance

All Remote Desktop Manager Team subscription plans offer software maintenance (1 or 3 years), which includes all major/minor upgrades and technical support. You need to renew your subscription agreement upon expiry. If you don't renew your subscription, Remote Desktop Manager will no longer function.
