

N-able N-sight RMM

Unlocking IT possibilities for the future

N-able™ RMM, Take Control, and MSP Manager combine to give you the tools necessary to eliminate repetitive tasks and manage information—all while helping your business grow. Our platform lets you operate efficiently and deliver end-to-end customer service—from quick fixes via remote access session to delivering advanced monitoring and device management to streamlined ticketing, reporting, and billing.

Business efficiency

Transform your business to meet the growing demands of today's world. N-able N-sight™ RMM enables you to reduce manual efforts, increase operational performance, and provide unrivaled value to your customers.

Network and infrastructure

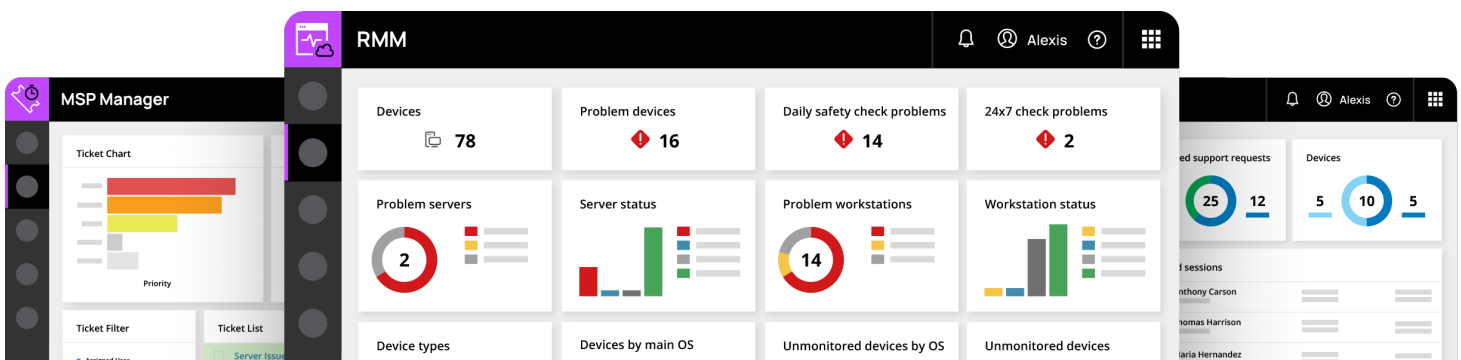

Unify and leverage information and workflows. Manage hundreds of endpoints. Automate routine maintenance. Track time and invoice accurately. N-sight RMM integrates the functionality of RMM, MSP Manager, and Take Control to enable growth in all areas of your business.

Security to suit your unique needs

With N-sight RMM and other next-gen security integrations, you can meet and exceed your customers' needs, capture more revenue, and confidently prepare for whatever unknowns tomorrow may bring.

Built for service-focused workflows

Built with efficiency in mind, N-sight RMM (RMM, MSP Manager, and Take Control) allow teams to safely access tools and information from nearly anywhere. Gain the insights you need to make the data-driven decisions that can protect your customers and help you scale and grow with confidence today—not tomorrow.

MSP Manager

Professional ticketing and invoicing.

- Maintain clear lines of communication
- Capture billable time
- Create detailed invoices
- Gain insight from tactical and technical reports
- Take Control

RMM
